

HDD UTILITY DRILLING FLUIDS

DRY LINEUP

DRY PRODUCT BREAKDOWN

UTILITY

HOME AND DRY

Prepare for success with the lineup of dry drilling fluids from Right Turn Supply. These conveniently packaged fluids now come in 4 lb cans, replacing the need for bulky, traditional 50 lb bags. Small, but mighty, these products are cost effective and pack a punch in any condition – from difficult clay to tough cobble. Looking for a new solution for tricky conditions? Look no further than the dry series of drilling fluids by Right Turn Supply.

- No dust
- No sand content
- Extends pump life
- Environmentally friendly
- Higher production rates
- Extends transmitter life
- Easy to mix
- Higher concentration = Smaller footprint
- Longer tooling life

MINE SWEEPER™

Clearing your bore path through miles of sandy battlefields.

Hydrocarbon free based drilling fluid

A 1-sack replacement for Hydrocarbon-free drilling conditions

Suspends, carries, and assists in fluid loss

Can be used as a stand-alone product, with other additives, or with bentonite

GENERAL MIXING INSTRUCTIONS | PER 500 GAL TANKS

LIGHT CLAY	1 CAN
HEAVY CLAY	1 CAN
SWELLING CLAY	1 CAN
CLAY - SAND - SILT	1 CAN
SAND - SILT	2 CANS
SAND	2 CANS
SUGAR SAND	2 CANS
GRAVEL - COBBLE	2 CANS
SHALES	1 CAN
ROCK	2 CANS

* FOR USE IN HYDROCARBON-FREE DRILLING CONDITIONS

CLAY COMMANDER™

When a bomb just isn't enough.

Encapsulates clay and carries out cuttings

Cleans tooling

Adds lubricity

Breaks down both lean and fat clays
